INTEGRITY YACHTS 55 FLY

INTEGRITY 55 "JASMINE" - 2008 / REFIT 2012

JASMINE is an Integrity 55 flybridge motor yacht operating in Dubai. The registration DT 1452 is visible in the supplied dossier. Current charter information associated with

this yacht identifies her as a 2008 Integrity 55, refitted in 2012.

Designed for social cruising, JASMINE is licensed in the supplied dossier for day charters of up to 22 guests and overnight accommodation for two. The brochure also

states accommodation for a crew of two. Her spacious flybridge provides a second helm station, curved lounge seating, a dining table and a protective bimini, creating an

excellent setting for sightseeing and entertaining.

The main deck has a bright salon with extensive windows, leather seating and warm wood cabinetry. A galley and the internal helm are positioned forward. Below deck,

the supplied photographs show double and twin accommodation. Exact online information for the yacht reports three guest cabins, six berths and three electric toilets,

while the supplied brochure refers to master, VIP, double and twin accommodation. This discrepancy should be resolved against the current general arrangement and

statutory documents before publication.

Exact online charter information reports twin 800 hp engines. Factory data for the Integrity 55 identifies the installation as twin Volvo Penta D12 diesel engines. Published

model performance is approximately 26 knots cruising and 31 knots maximum. Model specifications also give a fuel capacity of 3,040 litres and fresh-water capacity of

500 litres.
